

Year 1 Homework Autumn 2 – Robots

This half term our project work in class and our homework is based on the topic 'Robots'.

Your homework book is a place for you to show what you have learnt. You can use it like a diary to write, draw or put pictures to show your learning. Choose at least one homework project to complete per week.

Once completed, place your homework book in the homework box ready to share with the class!

I enjoy reading, writing and speaking	Think of 3 or more good names for a robot. Write a list. Remember capital letters for names!	Practice writing your one armed robot letters; r b n h m k p . Can you form these correctly? Can you write some words with these letters in? See sheet on the back	Write your own robot story with a beginning, middle and end.

I enjoy being scientific	Can you draw and label the basic parts of the human body?	Look around your home for things made from different materials. Can you make a list of wood, paper, metal and glass things?	Write down one thing about spring, summer, autumn and winter. What do you notice about your surroundings when out and about? How can you tell winter is on its way?

I enjoy being active	Walk up the stairs like you are a robot. Was this easy or hard? Why?	Make up a robot dance where you move in a robotic and jolly way. Ask somebody to take some photos of you in your different robot positions!	Think of as many ways as possible to move across a room, e.g. hop, skip, tiptoe. Write a list of the different ways you did it. Which was fastest / slowest?
	Parent signed Date	Parent signed Date	Parent signed Date
I enjoy working with other people	Ask an adult to help you take something apart at home. How many pieces did it go into?	Choose a book that has robots in and read it with an adult. Discuss what was your favourite part of the book and why.	Talk with 2 different adults to find out a job around the house they wish they had a robot to do for them. Write down the jobs they talked about.

One-Armed Robot Letters

Number Bonds to 10

Can you find the missing number bond to make the number in the robot's tummy?
