

Class 2 Newsletter
Autumn Term 2 2017

Dear Children, Parents and Carers,

Thank you for all your support during the first half term. I have been amazed by the amount of encouragement you have given towards the various homework projects. The next half term is due to be a busy one with the Christmas period insight.

Please continue to use the school website for regular whole school and class updates as we do update it regularly with the children's work and photographs!

Project - Autumn 2: Fighting Fit

This project looks into growth, diet, exercise and hygiene. We will learn about the different stages of growth and how we can keep our bodies fit and healthy while our body changes. We will look at the importance of a balanced diet and the dangers of medicine. This project covers lots of different science opportunities.

Homework

The routines for reading, spellings and project homework will remain the same in Autumn 2. New homework projects linked to the term's topic will be issued during the first day back after the holidays. During your break, try to complete any remaining projects that interest you.

Your help....

- On the first day back after half term, Monday 30th October, we will be looking at growth and how we have changed. If your child would like to bring in a range of photographs from birth to present to look at and to share with their friends they may. Please place your child's name on the back so these can be returned to you by the end of the week.
- For our danger lesson on medicine, we are looking for empty medicine packages (no glass bottles). **It's important that no medicine is brought into school. If you have any, please can they be handed to a member of staff.**
- Now that winter is approaching, could we please ask if your child brings in a hat, gloves and scarves, they are clearly named so they can be returned if they get misplaced.

General Reminders and information...

- Could we please ask that spelling books are in school on a Wednesday and Thursday.
- PE days will be on a **Wednesday and Thursday** and the children will only need their indoor PE kit. On a Thursday, the children will be taught gymnastics each week by Twist & Flip.

Dates and events to look out for...

- Parents evening Monday 6th, Wednesday 8th and Friday 10th November. I would like an appointment with all of you please to share your child's successes this term.
- Science and PE club for those who have shown interest and have been given a place (both clubs are now full).
- Nativity roles will be issued to the children, week commencing 30th October.
- Nativity performance dates to Parents/Carers. A letter will be going out early November to inform you of these.
