Dear Parents/Carers

I am writing to let you know we have a family with a parent who has tested positive for Covid-19 today. The family have done absolutely everything correctly and we send them our very best wishes.

Guidance received is that, due to the test result, the family should continue to isolate however no further action is needed to be taken by the school and no other children need to isolate as a result.

Please be reassured that we are following all guidance and procedures set out by The Government, Public Health England, The Department of Education and the Local Authority.

Please continue to be aware of the symptoms that may present with Covid-19: a high temperature, a new continuous cough and a loss of sense of taste or smell. If your child or any member of your family show any of these symptoms please arrange a Covid test as soon as possible and do not send your child to school until a negative result has been received.

If your child becomes unwell at school we will contact you to collect them.

Please continue to follow the Public Health guidance such as increased hand washing, 'catch it, bin it, kill it' and social distancing.

Thank you for your understanding during these uncertain times. It is great to have everyone back in school and we will, as always, continue to do our very best to keep everyone safe.

If you have any queries please contact us at school and we will work together to address these.

Kind regards

Helen Redmond
Headteacher
