

## **MOBILE PHONE POLICY**

Pupils are not permitted to bring mobile phones on to the school site.

If parents/carers believe that there are exceptional circumstances then a letter of application should be submitted to the Governors outlining those circumstances. Any endorsement will contain clear requirements.

If a child is found to have a mobile phone on the premises without a special endorsement it will be retained in the school office.

**Parents will be contacted to collect the phone from the school office.**

**If a child is caught using a mobile phone on the school premises then this will be deemed as a serious breach of school policy.**

**Health and Safety Policy updated January 2019**
