

After School Sports Clubs

Please can you let Mrs Batty or myself know if your child is not attending a sports club. As recently, quite a few children have gone home in KS2 without informing us that they are not staying for a club. Therefore a telephone call has then been made by the Office to ensure your child is safe and made it home. Your child's safety is paramount and we would just like to ensure we are receiving the information as some messages have been wrote in their 'reading record book' but the child hasn't handed their 'book' in, therefore we have not received the message. If your child has missed more than 2 sessions without good reason then we will take it they are not taking part anymore. We have a long waiting list for children wanting to take part. It is only fair places are given to children that show commitment. No refunds will be given.

Thank you.

Miss Lingard
