

SIR JOHN NELTHORPE SCHOOL

Headteacher: Mr R. Biglands BSc

24th January 2018

Dear Parent/Carer

Following the success of our "Support Your Child's Learning in Science" event held in 2017 we would like to invite your child and yourself to this year's event.

Science is all around us in our daily lives, but have you ever wondered what makes a good scientist and how they make discoveries?

Do you want to know how you can help your child learn to be a better scientist?

We are planning to host a "Support Your Child's Learning in Science" event at our Lower School (Wrawby Road) Laboratory on Wednesday 28th February 2018 between 5.30 and 7.00pm. The idea is to show you how science activities are structured to develop scientific skills and to look at a range of resources available to encourage interest and learning in science. The event is aimed at pupils in year 5, together with one of their parents/carers. Places will be allocated on a "first come, first served" basis.

Please complete the reply slip below and return to Sir John Nelthorpe School office. Tickets will be sent out by return post. Alternatively you can email admin@nelthorpe.org.uk or call the school on 01652 656551 to request tickets for the event.

We look forward to seeing you.

Yours sincerely

Mr R Gouldbourne
Assistant Head teacher
